

## NEW RAMROD MODEL 3300 HEAVY DUTY TRACK LOADER

*Yorkton, SK - December 1, 2015 - RAMROD Equipment proudly offers the Model 3300 Heavy Duty Track Loader. The RAMROD 3300 outperforms all other mini skid models with greater performance and operating capabilities. The complete RAMROD Model 3300 packages feature:*

- The heavy duty steel frame is built strong to tackle the most demanding jobs
- Heavy duty lift arms have a reach of 102" and a maximum lift of 1650 lbs.
- Parallel lift arm mechanism prevents load "fall back" on operator and eliminates the danger of losing a load during raising or lowering process
- Boasting 3300 lbs of carrying capacity
- Bidirectional Tracks increases traction and handling capabilities in both forward and reverse
- RAMROD's variable power adjustments allow the operator to direct the hydraulic power where it is needed the most
- Full 360° operator visibility
- Easy access to all machine components
- Simple to operate single palm steering
- The large fuel tank capacity means the operator is able to work until the job gets done without refueling- save time and money
- Countless attachments available
- Comprehensive warranty coverage
