USING THE PARTS LIST

ITEM

The item number is the identifying number from the balloon in the illustration.

PART NUMBER

The part numbers that appear in the part number column are 7 digit numbers by which the components may be identified and ordered.

DESCRIPTION

This column contains the name and description of the part.

QUANTITY

This column shows the total quantity of the part used within the entire machine.

ORDERING PARTS

When ordering parts, please have the following ready:

1. Part Number
2. Full Description
3. Quantity Required
4. Walk-Behind Model and Serial Number

NOTES:-The references to right and left used throughout this manual refer to the position when operating the machine, facing forward.

-Specifications within the manual are subject to change without notice.
Parts may not be exactly as shown.
